

How to determine which remote client software you require for your CE-DVR042 Clinton DVR.

Step 1) Enter Menu Screen

Step 2) If you have version 2.0 or higher, you must use the new software (CEDVR042NEW.zip). See Illustration below.

Note: Versions before 2.0 will not display on the menu screen. Therefore, the old software should be used (CEDVR042OLD.zip). All software can be downloaded at <http://www.clintonelectronics.com/Downloads.htm> . Additional support can be answered by calling our main # 815-633-1444.
